Project-oriented activities ThyssenKrupp Steel AG / G&T Associates

Dear Mr. Gaskins,

After completion of our project in Egypt, which comprised consultancy services to our end client in the fields of Purchase and Sales Management as well as Production of Cold Rolled Steel Sheet, we would like to express our gratitude for your excellent co-operation.

Thanks to the provision of qualified personnel in the fields of Purchase and Sales Management – positions for which we could not dispatch members of our own staff – we were able to successfully achieve our objectives and get complete customer's satisfaction.

Also for further positions in other projects you have always met our expectations and offered diligently professional personnel to cover our requirements.

We appreciate your services as a valuable asset for our company and hope to continue, whenever required, this fruitful co-operation in the future.

With best regards

ThyssenKrupp Steel
Aktiengesellschaft
